

# Salt and Pepper Shaker

## Objectives

- Make one salt shaker and one pepper shaker
- They must be a set but cannot be identical
- They must be sculptural (must resemble something other than a salt and pepper shaker)
- They must be functional (holes in top)
- There must be a hole in the bottom or back for a cork or stopper
- They may not be bigger than 3 inches in any direction

## Grading Criteria (25 points total)

2 points: google form questions answered thoughtfully

2 points: not larger than 3 inches in any direction

5 points: shakers are sculpturally different but a set of two things that belong together.

8 points for salt shaker (see below for details)

8 points for pepper shaker (see below for details)

Point break down for each shaper below:

2 points: holes in or near top big enough for salt/pepper to come out, small enough that salt/pepper doesn't pour or spill out

2 points: hole in bottom or back for cork/stopper - stopper is 9/16" (account for shrinkage)

4 points: shaker is detailed and time and effort are apparent
