Self Portrait Object

Objectives/Requirements:

Create a realistic object, or group of objects, that reflect you. This object only represents a part of you not you in its entirety. Create an object that represents

- Your culture (traditions, objects, clothing, foods, etc.)
- The time period in which you live (21st century, millennial generation, etc.)
- The place you live (United States, San Diego, your house, etc.)
- Your interests, hobbies, favorite past time
- An item that is significant or important to you or your family
- An item that tells something about you

Your object should be realistic, or appear true to life, and have excellent craftsmanship. Use any hand building technique you like. Make the object actual size or scale up small objects to scale down large objects. Your object must be truly 3 dimensional and **cannot be flat** or simple in shape (Do **NOT** create sports balls, phone, slice of pizza, laptop, tennis racket, etc.)

Grading: 25 points total

- 6 points: creating a sculpture that is three dimensional (height, width, depth) with attention to details paid from all viewpoints
- 2 points: name and/or signature incised on bottom of piece BEFORE firing
- 2 points: Thoughtful answers to reflection questions when turning into google (after piece completion)
- 5 points: Attention paid to small details and accurate textures. Actual details on object are transferred onto sculpture with both clay and paint.
- 10 points: craftsmanship, quality, and EFFORT

Name: _____

Period: _____

Answer the following questions:

The object or set of objects I will be making is/are:

I plan to make this object using the following technique or techniques:

Explain how this object represents you:

Rather than creating a sketch, attach a minimum of 3 **printed** photos to this paper. Each photo should be a different viewpoint. Consider bringing in the object if possible.
